## President's Report

Hope everyone enjoyed the June Day Meeting. It certainly beats coming out in the cold at night.

It's wonderful to see some of our 'old' members returning to our Society. Your friendship and wealth of knowledge will be a great asset to our Society.

Many thanks to Alan Stephenson for giving us all an insight into his receiving his OAM recently at Government House. I am sure all our members enjoyed seeing his medal and also sharing his memory of the day. We all congratulate you Alan, for your award, and for your dedication to orchid conservation.

Our Committee has been working hard behind the scenes in many different areas and their contribution will benefit all members.

The Winter Show is fast approaching and I hope you are all preening your orchids in readiness for exhibiting. Hopefully the talk by the 4 open growers on grooming, transporting, labelling and staging at the June meeting has helped in your preparation.

*Any members that want to sell NSW Australian Native Orchids please refer to information & form being sent.*

Looking forward to showcasing our orchids and our Society to the visitors at our Winter Show.

See you there,  
Louise

## June General Meeting Minutes

Held at the Bomaderry Bowling Club, Meroo  
Road, Bomaderry  
Monday 17 June 2019 at 1.00 pm

### MEETING OPENED at 1.30 pm

#### WELCOME by PRESIDENT

President Louise Gannon opened the meeting, and welcomed all members and visitors.

Thanks were extended to John Clancy for taking the Novice Corner today. John's talk was on mounting native orchids.

**APOLOGIES:** There were five apologies received.

#### ACCEPTANCE of the MINUTES

Minutes of the March General Meeting were accepted as read. Moved: John Clancy, seconded Lynne Phelan.

**BUSINESS ARISING:** (from the previous minutes) - nil

#### CORRESPONDENCE: (Secretary's report)

Moved Suzanne Knight, seconded Francoise Sikora that the correspondence be accepted as read.

#### TREASURER'S REPORT

Moved Tom Gablonski, seconded Colin Marstin that the report presented by Treasurer be accepted.

#### PRODUCT SAFETY TALK

Sandra Ellis spoke about what is going into the environment – what is safe – read labels, wear PPE, ask for Safety Data Sheets, always remember to use hand sanitizer – before having afternoon tea/supper.

#### COMMITTEE REPORT

Our Committee have been making some good and worthwhile changes to our Society. Because of some of these changes our by-laws are now out of date and need altering. What started as a few changes has grown into quite a few amendments. Our committee could just go ahead and changes these by-laws, without asking

the members, but we feel it is important to be transparent in our decision making. All of the proposed changes were read out to the members present and approved. Once finalised, the updated by-laws will be sent to all members.

#### GENERAL BUSINESS

Life Member Alan Stephenson was invited to the front to give a brief talk on his visit to Government House and receiving his OAM medals. It was a most enjoyable few moments.

Returning member Yvonne Young has already taken on a job as our representative for the Bunnings BBQs. Yvonne has tried to firm up a date for our next BBQ with Bunnings, which we would like to be on the first weekend in July, the week prior to our show, but Bunnings at present have not allocated any dates past June which makes it extremely difficult to organise a BBQ. Yvonne passed around a notebook to enable members to write their names, contact details, day and time preferred, in case we get 6 or 7 July for a BBQ.

Shoalhaven Orchid Society website – all members have been asked to look at the website, as it is not where we would like it to be. A web designer has been organised to redo it, but more effort needs to be invested in getting it in good shape, and this will become a priority in the near future. Members were asked to express interest in assisting the web designer getting it going to a higher standard and after the meeting, returning member Ken Coates offered to be this person. This was greatly appreciated.

#### WINTER SHOW

This is the last General Meeting before our Winter Show which will be held on 13 and 14 July 2019. This is **our show** and all members are encouraged to bring orchids to exhibit.

Please read your Show Schedule carefully. You will see Francoise Sikora's name and phone number on the back of the schedule. Ring her or email her before 8.00 pm on the Wednesday night (10 July) before the show to let her know which class your orchids will go into.

Orchids are to be brought to the Club on Friday before 5.30 pm. Please also read the show summary sheet that accompanied the schedule and newsletter – lots of information there.

Any member wanting to sell NSW Native Orchids on the Show Sales Table please remember there are new rules regarding these orchids. The OSNSW has a good article you can download from their website called “Guidance for Orchid Societies – Grower Licences”.

The roster for the show was circulated for members to add their names and select the times they are available to assist. Additional Show Flyers were also available for members to take home and display to advertise the show. Raffle ticket sellers are still needed for Saturday 9.00 am to 11.30 am – one person and also on Sunday from 9.00 am to 11.30 am – one person.

Show Security people are needed for Saturday 9.00 am to 11.30 am – one person, 11.30 am to 1.00 pm – one person, 1.00 pm to 3.00 pm – one person and from 3.00 pm to 5.00 pm – one person. On Sunday two people are needed from 9.00 am to 11.30 am.

Thanks were extended to John Clancy for compiling 12 raffle tickets into booklets for members to take home and sell to family and friends. Tickets are \$1 each of 6 for \$5. Please bring the books back to the show and give to Treasurer Tom with the money, and also any unused ticket books as these can be used at the show.

A small table top orchid display has been organised at Stocklands shopping centre to promote the Winter Show – located near K Mart. It will be held on Thursday 11 July from 9.00 am to 5.00 pm, with eight volunteers needed on the day to hand out flyers – roster circulated for members to add names at times they can assist.

#### **TODAY'S TALK:**

Four of our Open Growers talked about preparing orchids for our show.

Ron Findlater spoke of grooming your orchids for the show and demonstrated very useful tips.

Brian Phelan spoke of transporting plants for show, or to meetings, to avoid damage – there were many great suggestions. Lynne Phelan spoke of labelling your orchids for the show. *Ensure you use your name, not your member number.* Louise Gannon spoke on Staging orchids.

#### **ANY OTHER BUSINESS**

#### **NEW MEMBERS**

New and renewing members were welcomed and included Wayne Simons, Yvonne and Robert Young, Rebecca Exley and Ken Coates. Your wealth of experience growing orchids is welcomed.

#### **LUCKY BADGE DRAW**

**ALL** members names have been put into a tin. A name will be drawn out until the prize of a \$5 voucher is won with up to six draws to take pace. If not won, the prize will then Jackpot to the next meeting. Francoise Sikora was the winner this month.

#### **BENCHED ORCHIDS RESULTS**

## LYNNE'S HINTS FOR STAGING YOUR ORCHID

Staging or benching your orchid. It's about giving your plant its best chance in the judging process and also helping to make the benching marshal's job as easy as possible.

- Your plant needs to be self-supporting when it is benched and it needs to be able to be moved by the benching marshal. That is, you can't bring your orchid in, put it on the bench and then arrange some prop to hold the flower spike up which will fall down if the plant is moved.
- Pendulous plants need to be raised so their racemes are above the bench – use an upturned pot, stand, etc. Make sure the combination of orchid and support are stable and moveable.
- Top heavy plants can be made stable by double potting into a larger pot, packing in the space between with damp newspaper. Brian has a stack of these already made up as he grows most of his plants in tiny pots in trays and they rarely stand up by themselves.
- You can also make a pot holder out of a larger pot if the plant is unstable. Cut a circle out of the bottom out of the larger pot so the rim of the smaller one fits inside but doesn't fall through the upturned holder pot. (See photo)
- Small orchids often benefit from being raised so the judges can see them better. VERY small orchid flowers may need a magnifying glass so the visiting members of the public can appreciate them!
- Brian grows a lot of his plants hooked onto wire mesh along the walls of the glasshouse. These can be similarly displayed on the bench using a simple home-made stand which has a vertical piece of timber through which two holes have been drilled about 4mm apart and a cable tie firmly looped through. The twin hook pot holder will hook through the tie allowing the plant to hang as it has been growing.
- (I think) Species should be presented how they grow so if it has a natural arching spike it shouldn't be staked straight up. (That's my opinion though I don't think it's a judging rule.) I have seen species cymbidiums staked upright but I think they look much better if they are allowed to gracefully arch as they do naturally.
- You can use decorative pots but use a pot that doesn't overwhelm the orchid. The orchid should catch the judge's eyes, not the pot.
